ANARTS Contest entries

Please note: If you wish to enter the ANARTS Worldwide RTTY Contest, remember the closing date for logs is 1st September - thats only 9 days away. Some stations that were observed working during the contest have not yet sent logs, although some few were very active. Worth a check?

Be in it, you might win your area, or better still, your class, but dont be late or it will all go to naught.

Address logs to: Contest Manager
Jim Swan VK2BQS
P.O. Box 93
Toongabbie NSW 2146

The following was sent (by packet) to our President earlier this week. Good to see the interest shown by another club.

Hi Col,
just a note to let you know that the TTY files are displayed at VK2CZR, (Chifley ARC Inc.) BBS and read by many. Thanks to all the team for your efforts! (VK2CZR - QF56JH - St Clair)

Thanks to the committee at Chifley for taking the time to interest their members in RTTY by way of the broadcast, and for taking the trouble to let us know about it.

VK2SG RTTY DX Notes, 13 August

VK2SG RTTY DXNotes for weekending 13 August 1993(BID RTDX0813)

If the DX notes appear short this week, I must apologize, but the conditions as they have been for the past week, reports have been few, and information has been scarce. Maybe everyone was chasing the E31A. So all that I can say is that we are not up to our usual standard this week, but we have done our best.

Our information this week came from CE3GDN, ZS5S, 9X5LJ, W2JGR, WB2CJL, G3FZW, I5ICY, DJ3IW and the Central Europe DX-Cluster node DB0SPC, and NJ0M node of the Twin Cities DX Packet Cluster.
